

Redwood Coast Energy Watch is offering a FREE energy efficient lighting upgrade for your home.

If you are using incandescent bulbs like this one...

Incandescent bulb

we can come to your home and replace your lights with energy efficient compact fluorescent lamps (CFLs) like this one...

Energy efficient CFL

We can also replace some types of specialty lamps, such as globes, floods, and nightlights.

In a joint project known as the Redwood Coast Energy Watch (RCEW), Pacific Gas & Electric Company (PG&E) and the Redwood Coast Energy Authority (RCEA) are offering FREE home lighting upgrades. That means that if you are using incandescent bulbs in your home, RCEW wants to exchange them for energy efficient CFL bulbs at no cost to you.

Plan ahead to make things go more smoothly. First, look around your home to see if you are using incandescent bulbs. Then, check and make sure they are not on a dimmer. Then call RCEA to schedule a Residential CFL exchange. RCEW team members will come and install new energy efficient lamps for you at no charge. It's that easy.

For more information, or to schedule an appointment call
Redwood Coast Energy Authority
(800) 931-RCEA or (707) 269-1700
