

Welcome to the PG&E WaveConnect™ Public Kickoff Meeting

Thank you for joining us.

This meeting is being held to:

- Provide information about the proposed WaveConnect pilot project
- Share information about the public involvement and environmental review processes
- Gather feedback from the community about pilot project siting and other related issues

AGENDA

6:00 p.m. – 6:30 p.m.: Open House

WaveConnect staff and consultants will be available at each of our stations to discuss specific aspects of the proposed pilot project and answer your individual questions.

6:30 p.m. – 7:30 p.m.: Presentation and Q&A

The presentation will provide an overview of the proposed pilot project and describe the public involvement and environmental review processes. Following the presentation, written questions from the audience will be answered by the project team.

7:30 p.m. – 8:30 p.m.: Open House

Another opportunity to spend time at each of our stations and discuss the proposed study pilot project.

STATIONS

- **Coastal Maps:** Review maps of the proposed pilot project study area with the project team.
- **Project Overview and Public Involvement:** Learn about the proposed public involvement plan and overall process plan for the proposed pilot project.
- **Environmental Review Process and Project Schedule:** Learn about the proposed environmental review process, including the permitting agencies involved, a timeline of project milestones, and the resource topics that PG&E plans to study.
- **Federal Energy Regulatory Commission (FERC) Pilot Licensing Process:** Learn about how the FERC pilot licensing process works and how you can become involved in it.
- **Wave Energy Devices:** Learn about some of the existing wave energy devices that may be tested and how they would integrate with the proposed WaveConnect pilot project.
- **Comments:** Submit your written comments and pick up a nomination form if you would like to participate in the Humboldt Working Group for the Humboldt WaveConnect Pilot Project.
