FOR THE UNDER SECRETARY, DEPARTMENT OF INDUSTRIAL RELATIONS

By: The Secretary, Department of Industrial Relations

14/10/2017

Publication Date: 14 January 2017 14 January 2017

### SCOPE OF WORK

**SCOPE OF WORK**

Fortune Union High School District ("District") is soliciting bids from licensed and qualified contractors for the following scope of work at the District office and school campuses in Fortuna, California.

**I. Coordinate with the District and Redwood Coast Energy Authority to ensure adherence to Proposition 39 program guidelines.**

**a. All project services will comply with Proposition 39: California Clean Energy**

1. Coordinate with the District and Redwood Coast Energy Authority to ensure

- a. All project services will comply with Proposition 39, California Clean Energy Jobs Act - 2015 Program Implementation Guidelines.
- b. Contractor commits to prompt communication of change orders prior to execution.

2. Follow project website guidelines.

- a. The selected contractor must work closely with the Railroad Construction Ethics Watch (RCEW) and the U.S. Civil Service Commission (CSC) to ensure that the contractor complies with its BSCW. The RCEW will manage the ethics program with support from the U.S. Civil Service Commission. The contractor will be required to submit a compliance report to the ethics program (includes detailed description of a variety of events). The selected contractor will be required to:
1. Ensure that all applicable LEOs to his/her organization are listed and eligible for the RCEW program. The contractor will be required to provide a list of all LEOs for verification from [www.uscsc.gov/leo](http://www.uscsc.gov/leo).
2. Provide the manual for the RCEW program to the U.S. Civil Service Commission for verification of eligibility. For example, changes in selected brands or other conflicts in installed watches may impact manual review issues of eligibility.
3. Be available for the following questions:
  1. Post-construction inspection inspection with RCEW or other third party engineering firm.
  2. Post-construction inspection inspection with RCEW or other third party engineering firm.
4. Immediately inform RCEW of any potential issues that take place during the project. For example, if a contractor is not following the RCEW manual, installed watches may impact material issues and eligibility.
5. Permit ethics inspection the listed material and labor costs at the material level. These inspections will be required to ensure that the contractor is following the RCEW reporting rules. Contractor watches and wages to provide this limited cost per contract to ensure that each watch is properly maintained and that the contractor is following the RCEW manual. Information about eligibility and reporting requirements for state and federal contractors is available at [www.uscsc.gov/leo](http://www.uscsc.gov/leo).

3. In addition to completing the scope defined in Appendix 2

- a. Purchase all needed materials and equipment.
- b. All lamps shall be 5000°K, unless approved or not applicable to the measure.

- c. All new licenses shall have an OPA 10000 hour.
  - d. Result of final written test copy.
  - e. Result of final oral presentation copy (1-hour post presentation, 1-hour post presentation, and oral).
  - f. Result of final oral presentation copy (1-hour post presentation, 1-hour post presentation, and oral).
4. **Course of assessment is properly designed.**
- a. Assessment is done at regular intervals (e.g., 10000 hours).
  - b. Assessment is done at regular intervals (e.g., 10000 hours).
  - c. Assessment is done at regular intervals (e.g., 10000 hours).

corporation must be signed with the signature of the corporation followed by the signature and designation of the president, secretary or other person authorized to bind the corporation in this matter. The name of each person signing shall also be typed or printed below the signature. When required by the Internal Securities Statute or the authority of the officer signing, on behalf of the corporation or partnership shall be furnished. A holder's failure to properly sign required forms may result in disqualification for the full 100 day period for the holder's conversion to an investment certificate investor.

**Redemption.** Each person shall be accompanied by a certified or cashier's check or full bond for an amount not less than one percent (1%) of the net assets payable to the holder. A full bond shall be taken from an eligible entity company, licensed in the State of California, and conditioned to the Company. The payment shall be given or accepted by the holder and accepted by the Company of immediately cash and in full or conditioned to the holder and the Company within one (1) calendar day after receipt of the amount of the Company's failure to provide the proper and complete form and proof of insurance as required by the Internal Securities Statute. The holder shall be entitled to the Company's proceeds payable and shall have the full security features. The holder reserves the right to pursue other remedies as law or equity may require in order to obtain full and complete recovery of damages for breach of contract. Failure to provide full security or full security in the proper amount, shall result in forfeiture of the bond.

**Redemption of the Company.** The holder may be withdrawn by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract.

**Redemption of the Company.** The holder reserves the right to issue additional or additional prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract.

**Redemption of the Company.** The holder reserves the right to issue additional or additional prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract.

**Redemption of the Company.** The holder reserves the right to issue additional or additional prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract.

**Redemption of the Company.** The holder reserves the right to issue additional or additional prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract. The contract shall be terminated by the holder prior to the term of the contract.

- [illegible]

Appendix 3: Detailed Review and Assessment Matrix for Foreign Supply Chain Security (FSCS)

| ID  | Category     | Sub-category                     | Assessment  |  | Risk Rating |
|-----|--------------|----------------------------------|---|--|-------------|
|     |              |                                  | Findings  | Recommendations  |             |
| 101 | Supply Chain | Supplier Selection               | Supplier selection process is not fully documented and lacks transparency.      | Develop a standardized supplier selection process with clear criteria and documentation.                       | High        |
| 102 | Supply Chain | Supplier Vetting                 | Supplier vetting process is incomplete, missing critical background checks.     | Implement a comprehensive vetting process including background checks, financial reviews, and references.      | High        |
| 103 | Supply Chain | Supplier Monitoring              | Supplier monitoring is reactive, focusing only on quality control.              | Implement proactive monitoring, including regular audits, performance reviews, and communication.              | Medium      |
| 104 | Supply Chain | Supplier Relationship Management | Supplier relationship management is ad-hoc and lacks strategic focus.           | Develop a strategic supplier relationship management program with clear goals and communication channels.      | Medium      |
| 105 | Supply Chain | Supplier Risk Assessment         | Supplier risk assessment is limited to financial and quality risks.             | Expand risk assessment to include geopolitical, environmental, and reputational risks.                         | High        |
| 106 | Supply Chain | Supplier Compliance              | Supplier compliance requirements are not consistently enforced.                 | Implement a robust compliance program with clear standards and enforcement mechanisms.                         | High        |
| 107 | Supply Chain | Supplier Sustainability          | Supplier sustainability is not a core consideration in the procurement process. | Integrate sustainability criteria into the supplier selection and monitoring process.                          | Medium      |
| 108 | Supply Chain | Supplier Security                | Supplier security measures are minimal and outdated.                            | Implement robust security measures, including physical security, cybersecurity, and data protection.           | High        |
| 109 | Supply Chain | Supplier Resilience              | Supplier resilience is not adequately assessed or managed.                      | Develop a supplier resilience strategy, including contingency planning and diversification.                    | Medium      |
| 110 | Supply Chain | Supplier Innovation              | Supplier innovation is not encouraged or tracked.                               | Implement a program to encourage and track supplier innovation, fostering collaboration and knowledge sharing. | Low         |
| 111 | Supply Chain | Supplier Ethics                  | Supplier ethics is not a formalized part of the procurement process.            | Implement a formalized ethics program, including codes of conduct and reporting mechanisms.                    | Medium      |
| 112 | Supply Chain | Supplier Data Security           | Supplier data security is not consistently enforced.                            | Implement robust data security measures, including encryption, access controls, and incident response.         | High        |
| 113 | Supply Chain | Supplier Environmental Impact    | Supplier environmental impact is not adequately assessed or managed.            | Implement an environmental management system, including audits, reporting, and mitigation measures.            | Medium      |
