FERNDALE

Welcome to Community Choice Energy

The Redwood Coast Energy Authority became Humboldt County's official electricity provider in May of 2017. The City of Ferndale was automatically enrolled in January 2018.

The Redwood Coast Energy Authority is a local government agency established in 2003 to develop and implement sustainable energy initiatives for Humboldt County. The Community Choice Energy program was initiated in 2016 by local city councils and county supervisors, with input from people all over the county, to **bring energy decisions back to our community** while also providing **lower electricity rates**. Staying with Community Choice Energy as your power provider **keeps the benefits local** — jobs, savings, services — and tailored to what is important to you.

You don't need to do a thing to continue receiving our new power mix — PG&E handles power delivery, maintenance, and billing as usual. It's that simple.

Interested in 100% renewable energy?
