ZERO EMISSIONS VEHICLE (ZEV) ENTHUSIAST GROUP **APPLICATION**

The Redwood Coast Energy Authority Transportation Department has grant funding from the California Energy Commission to implement the North Coast Plug-In Electric Vehicle Readiness Plan that was completed in 2014. One implementation activity is establishing a ZEV Enthusiast Group. The new ZEV Enthusiast Group will serve as a public engagement group that fosters community awareness and adoption of ZEVs and ZEV infrastructure.

RCEA is seeking up to 10 members to participate in 4 meetings between April 2018 and May 2019. The kick-off meeting is scheduled to occur in late April or early May 2018. We are seeking community members that drive plug-in electric vehicles, those who don't drive EVs but are interested in promoting low-carbon transportation locally, and those who want to improve the ZEV services that RCEA provides to the community. Potential group activities include participating in ZEV outreach events, providing feedback on RCEA's ZEV program, and acting as an ambassador to the Humboldt County community by sharing ZEV-related resources.

Enthusiast Group meeting agendas will be developed by the RCEA Transportation Specialist, and may include items suggested by Group members, other RCEA staff, or the RCEA Board of Directors. Please complete the application below by April 13th, 2018. First review of applications will be held on April 16th. Selected participants will be notified by Friday April 20th.

Applicant Name: _____ Home Phone: _____

Home/Street Address: _____

Mailing Address (if different): _____ Fax: _____

E-mail address: _____ Length of time in the area: _____

Present Employer: _____ Your job title: _____

Over 18 years of Age? YES NO Education (last year completed): _____
