Approve minutes of April 10, 2018 Special Meeting

Staff Director Jacobson opened public comment. No member of the public was present to comment. Staff Director Jacobson closed public comment.

Motion Carman. Second Halstead. Minutes of the April 10, 2018, Community Advisory Committee special meeting were approved by consensus.

Oral Communications

Member Srabian expressed concern about losing community trust and stated some community members perceive a willful lack of transparency on RCEA’s part because of the increased percentage of biomass electricity in the agency’s energy portfolio.

Member Bell requested information on the percentage of biomass-derived electricity in RCEA’s portfolio; the cost/megawatt hour to procure biomass; and the Community Choice Energy (CCE) program’s 2017 CO2e emissions. Member Bell also requested that an article on biomass CO2 emissions be distributed to the committee and included in the meeting record. He expressed concern that biomass energy production may be negating the RCEA’s greenhouse gas reduction efforts.

Staff Director Jacobson stated he would relay the questions to appropriate staff.

Ms. Srabian and other members expressed concern that the agency’s outreach materials contain too much jargon and suggested that simpler, more broadly accessible language be used to gain wider community support.
Member Leonardi requested that a broadly accessible explanation for biomass energy’s inclusion in the CCE portfolio be shared proactively with the public.

Staff Community Strategy Manager Nancy Stephenson stated RCEA has been providing this explanation to the public, especially on social media. Ms. Stephenson stated she will keep the Committee informed on power procurement communication with the community.

Member Leonardi requested that staff involve the committee more in public outreach efforts, and to incorporate input and individual outreach efforts into a comprehensive communication strategy.

**Approve Revised Community Advisory Committee Charter**

Staff Director Jacobson presented the staff report recommending adding a chair and co-chair position in the Committee’s Charter to be able to more easily schedule special meetings. Mr. Jacobson further recommended the Committee schedule a special meeting in August to select a chair and co-chair.

The Committee discussed Brown Act meeting requirements and the need for a chair and co-chair. The group requested postponement of approval of the charter to a special meeting, inclusion of a description of the chair and co-chair’s roles in the charter and requested that members interested in serving as the committee chair or co-chair submit information to the group to assist in the selection process.

Staff Director Jacobson opened public comment. No member of the public was present to comment. Staff Director Jacobson closed public comment.

Motion Leonardi. Second Halstead. By consensus, the Committee agreed to hold a special meeting on Tuesday, August 21, from 6 – 7:30 p.m. to consider and adopt a revised charter and select a chair and vice-chair.

**Provide input to staff on the proposed CCE-funded customer programs**

Staff Director Jacobson presented a staff report on the Board-approved Community Choice Energy-funded customer program selection process and described the three proposed Phase I customer programs for 2018. Director Jacobson explained that after gathering comments from the Committee, staff would present the programs to the Board of Directors for approval. He explained that staff will solicit Committee, Board, staff and public proposals for Phase II of the program, which begins in 2019. Phase II funding levels are still uncertain and funding timelines will likely coincide with the fiscal year beginning on July 1. Funding for projects will be allocated within the fiscal year, can be completed after the end of the fiscal year, and multi-year projects can be funded.

The Committee requested using a tiered, income-based system in the future to determine which customers receive subsidies; discussed how funding levels for the different programs were determined; clarified that the RCEA rebate catalog is a collection of first-come, first-served rebate programs; inquired whether a used electric vehicle rebate can be included in the catalog; discussed whether RCEA can help
facilitate customer program awareness with lower-income community members; and clarified that CAC members may begin discussing 2019 program ideas with staff and that program proposal solicitation should begin in the fourth quarter of 2018.

Staff Director Jacobson opened public comment. No member of the public was present to comment. Staff Director Jacobson closed public comment.

The Committee requested programs that:
  • Are more equitable and serve a wider demographic;
  • Fill gaps in PG&E customer programs; and
  • Focus more on electrification.

Board Liaison Sweeney expressed appreciation for a good discussion by the committee.

Summarize actions, outcomes, next steps

Director Jacobson summarized the next steps to be taken:
  • The Committee’s Charter, including description of the Committee Chair and Co-Chair’s roles, will be discussed and possibly approved at the CAC August special Committee meeting.
  • If the Charter is approved, a Chair and Co-Chair will be selected at that meeting.
  • Community Choice Energy-Funded programs will be presented to the Board at their August meeting, along with the Committee’s comments.

Director Jacobson adjourned the meeting at 7:34 p.m.

Respectfully Submitted,

Lori Taketa
Clerk of the Board

SUMMARY

The RCEA Board of Directors created a nine-member Citizen's Advisory Committee (CAC) in June 2016. The Committee was established to facilitate public engagement and provide input to the Board. The initial charter outlined the group’s 2016 community workshop assignments.

When the Board revised its Operating Guidelines in December 2017, it approved the renamed and expanded Community Advisory Committee’s continuation. The CAC’s revised status presents an opportunity to revise the body’s original charter.

Creation of Chair/Vice-Chair Roles

Staff recommends creation of a chair role, with a vice-chair to fulfil the role when the chair is unavailable. The chair’s role would be to facilitate meetings (help the group stay focused on task to build agreements, ensure each member’s ideas are heard and that public input is fairly considered for each discussion item) or request a staff member to do so, and to call special meetings between regularly scheduled meetings. The Board liaison and staff are tasked with communicating committee recommendations to the Board.

Term Expiration Dates

In keeping with the Board Operating Guidelines, each of the CAC’s 15 members serves a 2-year term. Of the Committee’s original nine members who began service in 2016, six agreed to continue. Earlier membership discussion indicated a desire to stagger terms to preserve knowledge of the Committee’s work. This results in the following term expiration dates, with the recommendation that members be invited to reapply at the end of their terms if they so desire:

Charter of the Community Advisory Committee

Role

- The role of the Community Advisory Committee is to support RCEA public engagement efforts and to provide decision-making support and input to the RCEA Board.

- When the need arises, the Committee will help plan and conduct community meetings to educate and/or get input from the public on RCEA programs. This may include:
  - Helping develop the content and process for the meetings.
  - Participating in and assisting with facilitating the meetings.
  - Understanding and summarizing the feedback from the meetings.
  - Providing the RCEA Board with a synthesis of the feedback from the meetings.
  - Making recommendations to the Board based on the feedback from the meetings.
Agree on the recommendations to the RCEA Board by consensus. In other words, every Advisory Committee member:

- Understands the decision
- Has had a chance to express his or her concerns
- States that he or she is willing to actively support the decision(s).

Every effort will be made to reach consensus. When consensus on any recommendation cannot be reached in a timely fashion and there is significant disagreement over direction, the decision will "fallback to" and be made by a super majority (two-thirds) of the full Committee. In the event of a "fallback decision," the Board will request that the broad range of thinking underlying the recommendations be reported. The RCEA Board will make the final decision.

Quorum to conduct business is 2/3rds (66%) of Committee membership.

Note: This Committee is advisory in nature and shall have no final decision-making authority. Any activity or recommendation from this Committee requiring policy direction or action shall be presented to the Board of RCEA for their consideration.

Quorum to conduct business is 50%+1 (8) of Committee membership.

Note: This Committee is advisory in nature and shall have no final decision-making authority. Any activity or recommendation from this Committee requiring policy direction or action shall be presented to the Executive Director and/or the RCEA Board Liaison who will refer the request to the Board.

Applicant statements were not available at the time of agenda packet publication and will be made available at https://redwoodenergy.org/about/community-advisory-committee/ prior to the August 21 Community Advisory Committee special meeting.
Matty Tittman, Community Advisory Committee Chair application statement:

I would be honored to represent my fellow Citizens advisory members as vice chair or chair of the Citizens Advisory Committee to the RCEA. I am excited about the potential for community choice power here in Humboldt county. My experiences as a lifelong Humboldt county resident, a serving community member on the CAC, renewable energy professional, and electric car owner; these experiences have given me some unique perspectives and insights. As an enthusiastic advocate for community choice power, I am glad to help this group in any capacity to promote local clean energy and meaningful utility customer incentive programs for the benefit of the citizens of Humboldt.

Thank you to every one for participating in this most important process!
