## Clarification #1 to RCEA 2019 Renewable Energy Request for Proposals RFP-19-401

This clarification applies to the section RFP Response Instructions in the RFP (p. 7).

The RFP states:

Proposers are to deliver proposals in a sealed package, that contains both electronic versions (USB drive) and six (6) print copies of the proposal package, to the RCEA office by the deadline shown in Table 3 above.

Table 3 in the RFP indicates that the deadline to submit proposals is 4 pm PT on March 25, 2019.

This clarification is being issued to confirm that all proposals must be received at RCEA's office by that date and time. Proposals postmarked by that date and received at a later time on the deadline date, or on a later date, will not be accepted.
