- Gas

Visit www.pge.com/MyEnergy for a detailed bill comparison

Account Number
This is where you will find your existing PG&E account number.

PG&E Electric Delivery Charges
This is PG&E’s charge for the delivery of electricity to your home or business. It includes transmission, distribution, and a variety of other fees explained in Point 5 (page 2 of your Sample Bill). It does NOT include generation charges if you’re an RCEA customer.

RCEA Electric Generation Charges
This is RCEA’s charge for generating the electricity that powers your home or business. This charge replaces PG&E’s fee for the same service. These charges are detailed on Page 4 of your Sample Bill.

Total Amount Due
The total amount due includes ALL of your fees for PG&E gas services and electric delivery, and RCEA electric generation services. You should remit the total amount due on your bill to PG&E, as indicated.

Monthly Billing History
This graph gives you a sense of your current bill compared to recent bills. The daily usage bar graphs show you how you are doing with energy consumption compared to previous billing periods.
**Electric Charges Breakdown**

These are PG&E electric delivery charges and associated fees.

</tbody>
</table>
Your delivery and maintenance services from PG&E will remain unchanged.

**Generation Credit**
This is the amount PG&E would have charged you for generation, if you were not an RCEA customer. Because RCEA now provides generation, PG&E credits this amount to your bill.

**Power Charge Indifference Adjustment**
This fee is required by PG&E of all RCEA customers. It is intended to ensure that customers who switch to RCEA pay for energy that PG&E procured on their behalf, prior to their switch.

**Franchise Fee Surcharge**
This fee is collected by PG&E to pay for the right to use public streets to run gas and electric service.

**Total PG&E Electric Delivery Charges**
This is the sum of PG&E’s charges for electric delivery, which matches the charge on the summary page of your bill (page 1 on your Sample Bill).

Calculation:

51.24 - 22.32 - 0.26 - 28.15 = $0.51

PG&E no longer bills you for electric generation.

11 Rate Schedule
This is your current rate schedule. More information on rates can be found at RedwoodEnergy.org.

12 REpower – Total
This is the amount charged for electricity generation, before mandatory surcharges.

13 Energy Surcharge
This fee is collected on behalf of the California Energy Commission. It was previously included in PG&E’s fees.

14 Total RCEA Electric Generation Charges
This is the sum of all electric generation services from RCEA.

CALCULATING YOUR SAVINGS
To calculate your savings, start with #7 (PG&E’s Generation Credit) and subtract #8 (PCIA), #9 (Franchise Fee Surcharge) and #12 (REpower Total).

51.24 - 22.32 - 0.26 - 28.15 = $0.51
