Non-Agenda Item Public Comment
Chair Goldberg invited public comment. No member of the public made comment.

CAC Chair, Vice Chair Selection
Executive Director Marshall presented the staff report and stated that Chair Goldberg has reached the two-term limit for both Chair and Vice Chair offices. Chair Goldberg
nominated Vice Chair Leonardi to become Chair. Member Qiriazi nominated Member Gurin as Vice Chair. Vice Chair Leonardi and Member Gurin expressed willingness to serve in those roles.

Chair Goldberg invited public comment. No member of the public made comment.

Motion Mann, Second Burks: Appoint Dennis Leonardi to serve as CAC Chair and Catherine Gurin to serve as Vice Chair from April 12, 2022, to April 11, 2023.

Q4 CAPE Status Update
Executive Director Marshall updated the Committee on RePower Strategic Plan progress.

In regional planning and coordination, the Redwood Region Climate and Community Resilience Hub (CORE Hub) launched in September. The Bureau of Ocean Energy Management’s Humboldt Wind Energy Area lease auction is on track to be conducted in fall 2022. RCEA is continuing to work with the County and cities on the regional climate action plan.

In low-carbon transportation, the Arcata Community Center charging stations began operations and charging stations at the airport are being developed. RCEA is continuing to process electric vehicle and electric vehicle charging equipment rebates. The transportation team began work on the Medium- and Heavy Duty Zero Emissions Vehicle Infrastructure planning grant.

In integrated demand side management, a $161,000 grant was awarded to RCEA to expand and enhance the building-electrification heat pump rebate program that launched in early 2021. The Demand Side Management team is the final stages of developing the expanded customer rebate catalog for 2022. RCEA’s demand side management team applied for $96 million to fund a state-wide Rural Regional Energy Network over five years to provide energy efficiency programs, financing, and workforce development to rural, hard-to-reach regions. RCEA would serve as the implementing agency for the RuralREN.

In energy generation and utility services, the airport microgrid construction is complete, commercial operations began in December, and the final commissioning and islanding capability testing are being conducted. RCEA consultant Michael Furniss completed his work on investigating small hydropower potential and alternative uses for forest biomass. The five MW Tierra Buena Battery Storage project is under construction in Sutter County for RCEA and Valley Clean Energy.

It was clarified that Del Norte and Trinity Counties were not included in the RuralREN application because those counties are not served by Pacific Gas & Electric Company.

Members asked for copies of RCEA contractor Michael Furniss’s hydropower and biomass work, which are available on RCEA’s website, and suggested tracking progress toward quantitative strategic plan targets, possibly in conjunction with the countywide climate action plan work. It was suggested that the CORE Hub identify
needs and pursue funding for wave energy in Humboldt County.

No member of the public responded to Chair Goldberg’s invitation to comment. Chair Goldberg closed the public comment period.

**Plan 2022 CAC Work, Solicit Work Group Volunteers**

Executive Marshall proposed formation of between one and three ad hoc subcommittees to complete the CAC’s 2022 work goals. The Customer Programs Outreach Ad Hoc Subcommittee would focus outreach on Project Administrator programs and provide input on Rural Regional Energy Network programs, should funding for the RuralREN be approved. This subcommittee will sunset in the fourth quarter of 2023. The Offshore Wind Outreach Ad Hoc Subcommittee would advise outreach around the BOEM offshore wind lease auction process and will sunset in the first quarter of 2023. The Climate Action Plan Outreach Ad Hoc Subcommittee would focus on implementation of outreach for Humboldt Regional Climate Action Plan. The subcommittee will sunset upon Climate Action Plan adoption by the county. The following members joined the Ad Hoc Subcommittees:

**Customer Programs Outreach Ad Hoc Subcommittee: Members Fiske, Hess, Latimer, Leonardi, and Mann.**

**Offshore Wind Outreach Ad Hoc Subcommittee: Members Burks, Goldberg, Leonardi, and Mann.**

**Climate Action Plan Outreach Ad Hoc Subcommittee: Members Burks, Goldberg, Gurin, Johnson, Lawton, and Qiriazi.**

Members Hess, Latimer and Qiriazi initiated an Ad Hoc Subcommittee on Critical Facilities and At-risk Communities. RCEA staff will create a scope of work, assign a staff liaison, and establish a sunset date for this subcommittee.

Recent Committee appointee Jeffrey Trirogoff stated that he would like to volunteer for the Customer Programs Outreach, Offshore Wind Outreach, and Critical Facilities Subcommittees once his term starts on April 12, 2022.

**Net Energy Metering Successor Tariff Update**

Executive Director Marshall reported that the Net Energy Metering Successor Tariff discussed at the January 2022 CAC meeting has been postponed until further notice.

No member of the public responded to Chair Goldberg’s invitation to comment. Chair Goldberg closed the public comment period.

**Member Reports**

Member Burks shared that the Humboldt County Association of Governments adopted the Regional Transportation Plan, which overlaps with RCEA’s work. HCAOG staff will be in contact with RCEA staff.

Chair Goldberg requested that the vulnerability and resilience of the regional energy network to cyberattacks be a future agenda topic.

Member Bell thanked Chair Goldberg for his role as CAC Chair and expressed a desire to look at projects that aggressively address the climate emergency with local resources.
Member Fiske shared concerns that Nordic Aqua Farms was not aware that the 2030 RePower Humboldt goal was for local renewable energy. Member Fiske thought it was important to share because it reflects on RCEA’s communication of its goals and the need for coordination with other community entities.

Executive Director Marshall thanked Member Halstead for her service on the CAC and thanked Chair Goldberg for his time as Chair and Vice Chair to the Committee.

New Board Liaison Sarah Schaefer introduced herself and thanked the CAC for their work.

Chair Goldberg adjourned the meeting at 7:17 p.m.

SUMMARY

The RCEA Board of Directors created a nine-member Citizen’s Advisory Committee (CAC) in June 2016. The Committee was established to facilitate public engagement and provide input to the Board. The initial charter outlined the group’s 2016 community workshop assignments. When the Board revised its Operating Guidelines in December 2017, it approved continuing and renaming the Community Advisory Committee and expanding the body’s membership to fifteen (15) members.

The CAC revised its charter to include chair and vice-chair election procedures and also set staggered member term expiration dates in August 2018. The term expiration dates were set to the then-quarterly meeting schedule. In January 2021, the CAC decided to meet every other month.

It is best practice to periodically update charters and other administrative documents to clarify and reflect practice. Staff recommends the following minor charter revisions:

- Amend Chair and Vice Chair term end dates from April to March 31st to coincide with current meeting dates.
- Update the Committee Member’s Role to add a term end date (currently not specified) of March 31st to coincide with current meeting dates.
- Revise post-meeting minute distribution timeframe from “within seven days after meetings” to “within a reasonable amount of time following each meeting” to reflect current practice.

STAFF RECOMMENDATION

Approve revised Community Advisory Committee Charter.

BACKGROUND

On April 20, the County of Humboldt posted the Public Review Draft of the Humboldt Regional Climate Action Plan (CAP) on its website: https://humboldtgov.org/DocumentCenter/View/106404/Humboldt-Regional-CAP----Public-Review-Draft-4-7-22-PDF.

Comments on the Public Review Draft of the CAP will be accepted through May 31. The public can e-mail their comments to Michael Richardson, County of Humboldt Supervising Planner, at mrichardson@co.humboldt.ca.us.

Following the comment period of the Public Review Draft of the CAP, the County of Humboldt will issue a Notice of Preparation and commence the Humboldt Regional CAP Environmental Impact Report (EIR) process. During the EIR process, the public will have another opportunity to provide comments.

At the May 10, 2022, CAC meeting, County of Humboldt Supervising Planner Michael Richardson will deliver a presentation describing the Public Review Draft of the Humboldt Regional CAP.

SUMMARY

The Ad Hoc CAP Outreach Subcommittee was formed at the March 8, 2022, CAC regular meeting. The subcommittee members are Elizabeth Burks, Catherine Gurin, Richard Johnson, Ethan Lawton, Jerome Qiriazi, and Larry Goldberg.

The scope of work for the subcommittee is to advise and assist in implementing outreach for the Humboldt Regional CAP.

The Ad Hoc CAP Outreach Subcommittee held its first meeting on April 29, 2022. During this meeting, the subcommittee discussed the scope of work in further depth and began to brainstorm potential ways to conduct outreach for the CAP.

Regarding outreach, the subcommittee suggested that reviewing and synthesizing comments that are submitted to the County Planning Department before May 31, 2022, could serve to inform upcoming outreach efforts. The outreach subcommittee also had preliminary conversations regarding the purpose of outreach, information to convey in conducting outreach, outreach materials, and outreach approaches (e.g., tabling, presentations, etc.). The ad hoc subcommittee will meet again after the May 10, 2022, CAC meeting to further develop a plan for outreach activities.
