

## Request for Proposal for Regulatory and Legal Services: Q&A

*This document contains the questions received prior to the 10/7/2022 deadline for submission of questions, along with the corresponding answers.*

- 1. The Scope of Work references "decisions, resolutions, rules and regulatory proceedings . . . affecting the Client's proposed RuralREN program." Has RCEA identified any other California Public Utilities Commission (CPUC) proceedings (other than A.22-02-005) "affecting" the proposed RuralREN program, and does the Scope of Work include representation in or work related to those proceedings?**

Representation may be needed in R. 13-11-005. RuralREN does not anticipate it will need representation in proceedings beyond R.13-11-005 and A. 22-02-005 et. al. Respondents are encouraged to list other proceedings in which they are engaged that could relate to the RuralREN.

- 2. The Scope of Work references "the impacts of forthcoming policy decisions on policy rulings that could impact the RuralREN's proposed programs". Does the Scope of Work include anticipated representation in or work related to CPUC Docket No. R.13-11-005 (Order Instituting Rulemaking Concerning Energy Efficiency Rolling Portfolios, Policies, Programs, Evaluation, and Related Issues)?**

See above.
