We support your power to choose

As part of our mutual commitment to support your energy choice, Redwood Coast Energy Authority (RCEA) and Pacific Gas and Electric Company (PG&E) have partnered to provide you with a comparison of typical commercial electric rates, average monthly charges, and sources of energy generated.

If this comparison does not address your specific rate, please visit PG&E online at [pge.com/cca](https://www.pge.com/cca) or call **1 (866) 743-0335**. For information on RCEA's generation rates, please visit [redwoodenergy.org](https://www.redwoodenergy.org) or call **1 (707) 269-1700**.

Understanding your energy choice

Current rates as of June 2024

Monthly usage: 897 kWh

This table compares electricity costs for an average commercial customer in the RCEA/PG&E service area with an average monthly usage of 897 kilowatt-hours (kWh). This is based on a representative 12-month billing history for all customers on B-1 rate schedules for PG&E's and RCEA's published rates as of June 2024.

Generation Rate is the cost of creating electricity to power your business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

PG&E Delivery Rate is a charge assessed by PG&E to deliver electricity to your business. The PG&E delivery rate depends on your electricity usage, but is charged equally to both RCEA and PG&E customers.

PG&E Power Charge Indifference Adjustment (PCIA) and Franchise Fee (FF) The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay the above market costs for generation resources that were procured by PG&E on their behalf. "Above market" refers to expenditures for electric generation resources that cannot be fully recovered through sales of these resources at current market prices. PG&E acts as a collection agent for the FF surcharge, which is levied by the California Public Utilities Commission on behalf of cities and counties in PG&E's service territory for all customers. PG&E bundled customers pay the PCIA and FF fees associated with the most currently available vintage year. PG&E charges RCEA customers the PCIA and FF fees based on the year that they transitioned to RCEA service.
