For paper submissions, please submit this form and any supplemental documentation by mail or deliver to the following address:

Redwood Coast Energy Authority
Attn: EV Rebate Program
633 3rd Street
Eureka, CA 95501

Version 3/21/2025

REDWOOD COAST ENERGY AUTHORITY (RCEA)
ELECTRIC VEHICLE REBATE PROGRAM – NON-RESIDENTIAL
TERMS AND CONDITIONS Version 10.12.26

1. **ELIGIBILITY:** Customers eligible to receive an RCEA Electric Vehicle Rebate ("EV Rebate") under RCEA's Non-Residential Electric Vehicle Rebate Program ("Program") must:
   A. Be a new or existing RCEA Community Choice Energy (CCE) electricity non-residential customer account holder associated with a business, non-profit, or government organization for at least six months prior to the application date of a service account that is paid current as of the date of application,
   B. Submit a complete application package,
   C. Register the qualifying Electric Vehicle with the California Department of Motor Vehicles (DMV) at the applicant's RCEA service account address or at an address associated with the non-residential account, and
   D. Purchase an eligible Electric Vehicle (EV) from a licensed dealership within 60 days of the submission of a Complete Application Package.
2. **RESTRICTIONS:** Maximum of two (2) EV Rebates in a 36-month period for distinct EVs (unique VINs) per non-residential customer associated with a CCE electricity account.
3. **APPLICATION:** A complete application package must include the following:
   A. Completed and signed application form. The Applicant must be the holder of the non-residential electricity service account identified in the application, or an authorized representative thereof. Assignment of rebate payments may be made only by the Applicant to a person authorized to purchase the EV on behalf of the organization associated with the non-residential electricity service account. RCEA will make a determination in its sole discretion whether a submitted application is complete. Failure to submit a Complete Application Package may result in delay or rejection of a filed application.
   B. Proof of Purchase. See Section 4. below for Proof of Purchase requirements. Please submit copies only as Proof of Purchase will not be returned.
   C. Copy of California DMV vehicle registration showing EV registered at the RCEA account address listed in the application or at an address associated with the non-residential account.
   D. Documentation showing the person purchasing the EV is a person authorized to contractually and financially bind the organization associated with the RCEA account listed in the application (articles of incorporation or other formation document filed with the California Secretary of State).
4. **PROOF OF PURCHASE:** A complete and legible copy of the Proof of Purchase, issued by the dealership, such as a bill of sale or purchase contract, must be submitted to RCEA as Proof of Purchase. The Proof of Purchase documentation must show vehicle make, model, year, Vehicle Identification Number (VIN), sale price, purchase date, purchaser's name, purchaser's signature and dealer identification or dealer number. Submission of a Proof of Purchase that don't meet all requirements will require Applicant to provide additional documentation as requested by RCEA. Inability to meet Proof of Purchase requirements or provide additional documentation requested by RCEA will cause the application to be rejected.
5. **REBATES:** The EV Rebate amount is $1,000 for a new or used Battery Electric Vehicle (BEV). EV Rebates will be issued through the mail to the CCE account holder or assigned EV Rebate Recipient within approximately 30 business days following the submission of a Complete Application Package.
6. **ELIGIBLE ELECTRIC VEHICLES:** New or used battery EVs purchased from a licensed vehicle dealer are eligible for this Program. Plug-in hybrid electric vehicles are not eligible for this program.
   A. Eligible <u>new BEVs</u> must meet all of the following criteria:
      i. Vehicle must be a light-duty vehicle. This includes vehicle weight class 1 (6,000 pounds and less) and vehicle weight class 2 (6,001 to 10,000 pounds).
      ii. Purchase price, before tax, of the EV shall not exceed $85,000.
   B. Eligible <u>used BEVs</u> must meet all of the following additional criteria:
      i. Be 8 model years old or newer and have 75,000 or less odometer miles at the time of purchase.
      ii. The vehicle purchased (as identified by the VIN) has not received an RCEA EV Rebate with a minimum 36-month period prior to purchase date.
7. **LIMITATIONS:** EV Rebates are subject to funding availability; submittal of a completed application does not guarantee receipt of an EV Rebate. EV Rebates will be issued on a first-come first-served basis until funding is depleted or the Program is terminated. All EV Rebate incentive amounts are final, and customers are not eligible to apply for larger amounts from this Program should they become available. RCEA reserves the right to deny an EV Rebate to any individual deemed, in RCEA's sole discretion, to be violating the terms, conditions, and restrictions of the Program.

8. **DISPUTES:** Except where otherwise limited by law, RCEA reserves the right, in its sole discretion, to make final determinations regarding any disputed issues about the Program, including but not limited to eligibility and restrictions.
9. **PROGRAM CHANGES:** RCEA reserves the right to change, modify, or terminate the Program at any time without any liability except as expressly stated herein.
10. **PROGRAM EXPIRATION:** The Program will expire upon the earliest to occur: (i) when funds are depleted, or (ii) when the Program is terminated by RCEA.
11. **DISCLAIMER:** RCEA makes no guarantees, representations, or warranties, expressed or implied, regarding the implementation or use of products purchased pursuant to this Program. Use of any product and acceptance of materials used is solely the customer's responsibility.
12. **CUSTOMER DISCLOSURE AUTHORIZATION:** By signing the EV Rebate application form, the applicant confirms they are the service account holder of the Electric Account identified in the application form, or authorized representative thereof, and authorizes RCEA to disclose applicant's name as a participant in the Program. Further, by signing the EV Rebate Application form, the applicant confirms they have read and understand the Terms and Conditions listed above.
